the little jeweler and Santa Fe Watch  
Inspector said—

And the articles he reeled off with accompanying

**NOW is the time of year to  
think and prepare for 1916**

### Systematic Savings

should be your house-  
hold word. You will  
then build on a rock in-  
stead of sand and when  
old age comes you will  
be provided for.

### Every Child

should have a systematic savings ac-  
count and be taught to make it grow  
gradually but surely. An intelligent-  
ly managed savings account gives  
youth its start in life, middle age  
its competency, and old age its com-  
fort and security.

### Before 1916 a Systematic Savings Account

\$ 3.94 amounts to \$100.00 in 2 years  
1.00 amounts to \$182.00 in 10 years  
1.85 amounts to \$100.00 in 4 years  
.80 amounts to \$100.00 in 8 years  
5.00 amounts to \$350.00 in 5 years  
20.00 amounts to \$3,640 in 10 years
